

## School Vision

Our school is a place where everyone can 'Dream, Believe, Achieve Together'

Celebrating 'life in all its fullness'

We are a vibrant, happy learning community with a spirit of imagination, enquiry and a love of life-long learning.

### Dream

We believe childhood to be an adventure that stimulates curiosity, creativity and a passion for life-long learning.

### Believe

We provide a broad and rich curriculum which challenges and motivates children to fulfil their individual potential, with a belief that they can achieve their dreams.

### Achieve

We are committed to enabling all our children to make excellent academic progress by securing the skills and knowledge to allow them to achieve successful futures. We do this through our knowledge and care of every individual who we value for the unique person that they are.

**DREAM, BELIEVE,  
ACHIEVE, TOGETHER**

### Together

We pride our school as being at the heart of the community, where our children benefit from the commitment and strong partnership between parents, staff, the church, governors and the wider community. Living and learning together as part of our school family.

Celebrating 'life in all its fullness' - John 10:10

We express our Christian values in all we think, do and say; whilst always respecting people of other faiths or none..
